

Deflecto® Difference Continues with Chairmats

Receiving GREENGUARD Gold Certification

INDIANAPOLIS, INDIANA— Indianapolis-based Deflecto, LLC has achieved GREENGUARD Gold Certification from UL Environment— the program’s most stringent standard for low chemical emissions from products.

Office supply dealers, distributors and retailers can breathe easier with Deflecto’s complete line of GREENGUARD Gold Certified chairmats made in the U.S.A.

“By achieving GREENGUARD Gold Certification for their chair mats, Deflecto LLC demonstrates to architects, designers and facility managers their commitment to environmental excellence, healthy lifestyles and sustainable living”, said Lisa Meier, vice president and general manager, UL Environment.”

GREENGUARD Gold Certification demonstrates that Deflecto Chairmats meet UL Environment’s independent, third-party GREENGUARD Certification standards for low volatile organic compound (VOC) emission and are screened for 10,000 potentially hazardous chemicals. UL’s GREENGUARD Gold standards are some of the most stringent standards in the world and limit emissions for more than 360 individual VOCs, as well as cap total VOC emissions.

“We are dedicated to continuous improvement and creating the *Deflecto Difference*,” states Bill Schwartz, Deflecto Vice President of Sales, “We have demonstrated this previously by our EnvironMat™ line of 100 percent post consumer recycled mats, Free & Clear™ non-phthalate, non-cadmium formula mats and now GREENGUARD Gold Certification.”

About GREENGUARD Certification

GREENGUARD Certification is part of UL Environment, a business unit of UL (Underwriters Laboratories). GREENGUARD Certification helps manufacturers create--and help buyers identify--interior products and materials that have low chemical emissions, improving the quality of the air in which the products are used. UL Environment acquired GREENGUARD in 2011, further advancing its mission of promoting global sustainability, environmental health, and safety.
