RE: Deflecto, LLC Receives PACCAR Top Quality Award

### ***Deflecto, LLC Receives PACCAR Top Quality Award***

Indianapolis, Indiana – June 20, 2011

Indianapolis-based Deflecto, LLC has earned PACCAR's top quality award for 2010. Receiving this award places Deflecto, LLC in an elite group of suppliers that meet PACCAR's quality expectation of 50 Parts Per Million (PPM). Only suppliers that meet the highest level of quality and warranty performance for a full calendar year are eligible to win this award.

To win the 50 PPM Award, a supplier has to achieve an approval rate equal to or better than 99.995 percent of the time. In other words, for every million parts produced, fewer than 50 contain defects that reach the customer.

Deflecto, LLC's award is based on the safety warning triangle parts it supplies to PACCAR for heavy duty Class 8 trucks across all of the OEM's (Original Equipment Manufacturer's) North American facilities, as well as warranty claims on trucks already in service.

"We are honored with receiving this award. Our goal is to design, develop, manufacture and distribute the highest-quality products. This award demonstrates the commitment that our sourcing, engineering, manufacturing, marketing, sales, shipping and customer service personnel have to our customers," said Bill Schwartz, Vice President of Sales.

For over 50 years, Deflecto, LLC has been a leading manufacturer and distributor in a number of important markets.
